Dear Sir

I am writing in concern of the price increase of sewer charges at Kings Ranch Unit II Black Canyon City held by Jeane & Phillips Albins.

I feel at this time we are already, paying to muck at \$80 a month. I have not seen a financial statement for the operations of this facility. It is my understanding that there costs are considerably lower than they are taking in.

Another concern is that in the letter they stated that they wanted an increase of 20% further down in the letter they state that they can increase as much as they wish after approval. This causes me great concern.

There was a conversation regarding the cost of buying the facility. If they are truly losing money as stated it seems to me they would like to get rid of it. This is puzzling.

Thank you for your consideration

Dale & Patricia Targerson
